Concentrate

Application

Dilute product with water to a maximum of:-

1 part Shift-It Decking Cleaner to 5 Parts cold clean water

This 5 litre of concentrate will treat approximately 125 square metres

Always test a small area before use to ensure compatibility and that the finish is acceptable

Surface should be clean. Remove loose dirt, moss and other debris from the surface to be treated.

Do not use in wet weather or when rain is imminent.

Apply product to a damp (not wet) surface with a soft brush or medium pile roller.

Clean brushes, rollers immediately after use with soapy water.

Leave for 24 hours before lightly pressure washing the area with cold clean water.

Keep pets away until surface is fully dry.
